

**CAM Matrix with CAMWorks and SOLIDWORKS CAM**

2019	CAMWorks	CAMWorks	CAMWorks	CAMWorks	SOLIDWORKS	SOLIDWORKS
	Premium	Turning Professional	Milling Professional	Standard	CAM Professional	CAM Standard
Rules-Based Machining						
Tolerance-Based Machining (TBM)						
Knowledge-Based Machining (KBM)						
Associativity with SOLIDWORKS 3D CAD						
Automatic Feature Recognition (AFR)						
Automate Machine Times						
3 + 2 Programming						
High-Speed Machining (HSM)						
Turning Capabilities						
Sub-Spindle Machining						
Two Turret Support						
Rotary Milling						
Advanced 3 Axis Roughing and Finishing Capabilities						
3 Axis Undercutting with Standard and Custom Tools						
Mill-Turn						
Sync Manager for Synchronized Machining						
CAMWorks Virtual Machine Standard						
4 & 5 Axis Simultaneous Milling
